County faces D-Day on new jail

by **ROGER RUTHHART**
Managing Editor

The Lake County Board is expected to vote Tuesday, April 10 on the proposed \$13.8 million expansion of the Lake County jail, county offices and courtroom facilities.

The finance committee voted April 4 to present an ordinance to the county board authorizing the County Building Commission to proceed with the proposed expansion recommended by the Moyers Report.

County Board members heard the complete presentation for the first time at a special call board meeting April 4.

Other proposals presented included building a new jail complex in the plaza area, at a cost of \$17.4 million, which would result in a reduction of 80 parking spaces in the basement. The third proposal was to construct the new facility across Washington St. from the present courthouse, connecting the two structures with an overpass walkway at a cost of \$14.4 million plus land acquisition.

Consultant Frederick Moyer said the plan approved by the finance committee, which calls for construction of the new jail in the parking lot area to the north of the present county building, was the preferred plan.

The acquisition of the portion of the parking lot owned by the City of Waukegan was not included in the cost of the project. The county owns half of the lot, adjacent to

the present office tower, and the city owns the half of the lot to the north, adjacent to the Waukegan Public Library.

Dist. 4 County Board Member Norm Geary of Grayslake, chairman of the finance committee, pointed out that the committee action taken April 4 following the three-hour Moyer review, was not a spur of the moment action.

"Because of overcrowding, we've got to get going on it," said Geary. "We paid a substantial fee for these authorities. Moyers helped establish the jail standards and they did an excellent job on this study. They had all the answers. They really impressed me."

"This is not our (county board's) first chance to review this. It's been going on for a long time. We appoint people to the building commission and we hire recognized experts. This is what was recommended and I think the county board will adopt it," said Geary.

There was some opposition to the action, said Geary, by Dist. 2 representatives John Balen, who is opposed to the proposal, and Tony Serdar, who believes the county board is acting too fast.

Geary said the proposal included in his committee's recommendation is preferred because "it keeps everything together in one working unit. Moving it away is too expensive. Over the 30 year life cycle, seven percent will be spent on capital improvements and 93 percent on operating

costs. Our operating costs will be significantly lower if we keep it (proposed new jail) where it is," Geary added.

The finance committee chairman noted that due to state and federal suits over jail (Continued on Page 5)

Albert Dittman dies, services held April 8

Funeral services were held April 8 for Albert L. Dittman, former superintendent for Antioch Community High School. He died April 5 while playing golf. He was 72.

"He was always an inspiration to me. I worked for him for many years," current ACHS Supt. Warren Polley said of Dittman. "He was a top school man."

Dittman retired his superintendent post at ACHS in 1972 after 36 years in education. He also had served, previous to his Antioch experience, in Aurora, Marengo, Marseilles and Oswego schools.

"He taught me many, many things and how to get things done right," Polley said.

During his tenure at ACHS, Dittman saw the course offerings increase from 38 to 91, enrollment increase from 378 to 1,377, the faculty increase from 19 to 72 and three building additions.

Dittman was involved in several activities

in Antioch. He was a member of the Antioch American Legion Post No. 748, the United Methodist Church of Antioch, the 885 Civic Club, Sequit Masonic Lodge and the Loyal Order of Moose. He also was a member of the Illinois Assn. of School Administrators and the National Wood Carvers Assn.

Dittman was a World War II Navy veteran and served as a representative of the Just Foundation Scholarship selection committee, which annually awards a scholarship for journalism education.

His widow, Belinda, survives him, as do a son, Albert E. Dittman, Waukegan, and a daughter, Sharon Kenney, Wisconsin Rapids, Wis.

Other survivors include three sisters, Mabel Jones, Aurora, Alice Brooks, Center Moriches, Long Island, N.Y., and Emma Brooks, Lake View, Iowa; and three grandchildren.

New party bosses are old faces

by **ROGER RUTHHART**
Managing Editor

Republicans and Democrats in Lake County elected new leadership for the parties' central committees at respective county conventions.

Several hundred Democrats met at the cinder-block walled AFL-CIO Union Hall while a substantially larger crowd of Republicans caucused among the plush surroundings of Waukegan's Swedish Glee Club.

Democrats re-elected Waukegan attorney Jay Ukena for another term as party chairman. Ukena had previously received the endorsement of nearly every office holder and power broker in the Democratic Party in Lake County.

Several miles away, the scene was much different as incumbent GOP chairman Robert Neal of Wadsworth faced opposition from party Vice Chairman Donna Mae Litwiler of Ingleside.

Neal won re-election by a margin of about 6,000 votes. Neal's winning total was 18,265 as

precinct committeemen cast weighted votes based on the Republican turnout in their precinct March 20.

Neal won strong support from Antioch, Lake Villa and Avon townships as well as an overwhelming 39 of 41 committeemen from Waukegan Township, and unanimous support from Benton, Zion and Newport township committeemen. Neal also won majorities from committeemen in Deerfield, Elmhurst, Libertyville and Wauconda townships.

Litwiler won majorities in Grant, Fremont, Shields, Vernon, Warren and West Deerfield townships. Cuba Township was split.

Antioch Township committeemen Joseph Veith, William Georgeson and Jim Fields were absent following the initial roll call of committeemen which took well over an hour.

GOP Secretary Dave Skinner of Lake Villa, originally counted by Litwiler as one of her supporters, turned up backing Neal and was appointed as the party's new vice chairman.

Several areas where Litwiler had expected support responded instead with absences. There were five absent committeemen (700 votes) missing from Cuba Township and 17 precincts either absent or vacant from Deerfield Township (807 votes).

Considered a key to the election was Libertyville Township which observers felt could go either way due to a dispute last year with Neal over the seating of appointed committeemen.

However, seven committeemen failed to show while another 10 precincts still remain vacant. Represented was more than 1,500 weighed votes. Many of the remainder backed Neal.

Another key area for Litwiler was to have been Vernon Township, but nine committeemen failed to show for the Party Convention.

Upon his re-election, Ukena took advantage of the opportunity to level a few volleys toward his party's Republican challengers.

"The differences in the parties are no different than they were in the past," said Ukena. "There is the Republican Party, typified by Mickey Babcox and the good ole'

boys and the Democratic Party of the 1980's trying to provide professional administration of public offices. The voters are the personnel department and our candidate's loyalties are to the citizens first and the party second," said Ukena.

Ukena said the goals of his second administration will be similar to the first—to fill vacant committeemen positions and develop organizations and volunteers beyond the committeemen. "And we want to make the party financially stable and build an (Continued on Page 6)

FRENECTOMY

When there is a too-tight muscle attachment in the connection between the tongue and the lower teeth, it limits the movement of the tongue and can cause slurred speech and imperfect diction.

Frenectomy is a simple procedure that can be performed by a dentist to relieve (lengthen) this muscle attachment. This improves speech and other tongue functions considerably.

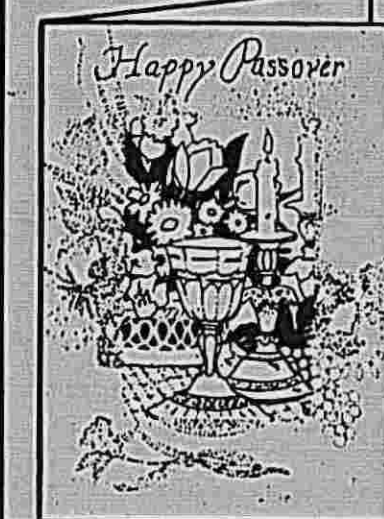

When the muscle attachment between the inside of the lip and the two front teeth (upper or lower) is abnormally large, or is attached too closely to the crowns of the teeth, it can create a separation by preventing the two front teeth from coming together. By removing, reshaping and repositioning the attachment, the dentist allows the space to close.

U.S. Cable announces 'amnesty' for thieves

by MICHAEL H. BABICZ

U.S. Cable of Lake County and the Lake County State's Attorney's office have jointly announced a crackdown in Antioch and elsewhere in Lake County on theft of cable services.

Fred Foreman, Lake County State's Attorney, along with William Vinnes, U.S. Cable of Lake County general manager, were joined by Hercules Dellas, U.S. Cable's attorney, in announcing a "amnesty program" for persons using illegal decoders or tampered converters to pick up cable television programming.

In a press conference at the U.S. Cable studios in Waukegan, Vinnes outlined the amnesty program which is in affect during the month of April.

U.S. Cable is offering a \$20 "bounty" for all illegal decoders voluntarily brought in

during the amnesty period.

In a prepared statement, Vinnes noted, "obtaining any cable tv service without the authorization of the cable tv company is a crime in Illinois."

Vinnes said that it is the position of U.S. Cable that many subscribers who are using the illegal devices are not fully aware of the "severe consequences" which they may face if they are found to be using the "illegal boxes."

During April, persons bringing in the illegal equipment will be given \$20 cash or in cable service credit along with a statement in writing assuring them that U.S. Cable will not institute any civil or criminal action against them.

"There will be no additional charges assessed to a subscriber who brings in a tam-

pered unit during this amnesty period," state Vinnes.

"This is not only a problem which plagues U.S. Cable, but it is a problem nationwide," he stressed.

Recognizing the deterioration in profits which this problem is causing, U.S. Cable is using the "amnesty program" as a "first step" toward doing something about it.

Vinnes expressed his appreciation of the work which the state's attorney's office has been doing concerning the problem.

"We support and stand behind U.S. Cable," Forman said. "Persons using the devices are stealing."

It was pointed out that not only U.S. Cable is losing income from the "thieves," but the municipal governments are also losing funds.

Should persons be taken to court for using the devices, Forman noted they could expect, if convicted, to have the offense part of their criminal record along with a large fine, up to \$1,000.

"In aggravated circumstances, we will seek some kind of work release for these individuals," Forman added.

Vinnes explained that the cable companies, since they use phone lines, will be able to use the phone company's tracking system to point out the illegal users.

A second phase to combat the theft of cable services, pinpointing illegal users, will take place beginning in May.

"We can not encourage people strongly enough to take advantage of the amnesty period," Vinnes said.

Dellas noted that further information on

the program, along with the laws which govern the situation, are contained in the April U.S. Cable guide.

Besides the criminal charges, effective January 1, 1984, civil penalties may also be made against the individuals.

The civil charges could reach a maximum of \$311 per month for each month the illegal equipment is in use.

Dellas explained that a majority of subscribers who are using the illegal equipment purchase the "basic \$8 package" from U.S. Cable, then by using the decoder, they can obtain the entire \$52 package free.

Using the example of 1,000 subscribers doing this, it would result in a loss of revenue of \$52,000 per year to U.S. Cable and a loss of \$18,000 per year to the municipal governments affected in the way of franchise fees.

Foreman explained that the state's attorney's office is concerned with the possible federal government infractions of transporting the "boxes" across state lines.

A total of five criminal cases have been instituted in Lake County within the past five months.

Three additional cases are pending involving the prosecution of persons who were selling the devices in Lake County.

The devices are obtainable through mail order catalogues at a cost of approximately \$95, with "street vendors" selling them anywhere from \$100 to \$175 each.

"People are bound to get caught and when they do, they're going to be labeled thieves," Foreman concluded.

Dellas urges anyone who has questions to contact him at U.S. Cable (312) 336-7200, ext. 245.

Sequoit diamondmen win conference opener

Antioch's varsity baseball team salvaged one bright spot in action last week as the Sequoits won their North Suburban Conference (NSC) debut.

The 6-3 victory over visiting Zion-Benton on April 5 was the only win the Sequoits could salvage out of three outings as Antioch was upended twice by host McHenry, 6-4 and 9-1, in a non-conference twinbill on April 7.

The Sequoits have a full schedule of action slated for this week as they are to host Carmel on Monday, April 9, in a non-conference game before resuming league action at home on Tuesday, April 10, against visiting North Chicago.

A trip to Deerfield for a non-conference game is next for the Sequoits on Wednesday, April 11.

Four NSC games in a row

face the Sequoits after a scheduled two days off with a long trip down to Skokie on Saturday, April 14, to face Niles North in a doubleheader slated to start things off.

On Monday, April 16, the Sequoits travel to Gurnee to take on Warren in a makeup game with Lake Forest coming to Antioch on Tuesday, April 17.

Tom Baba, Antioch head coach, had his search for a second and third starting pitcher dealt a severe blow as Jeff Johnson, a junior, suffered a knee injury and is scheduled to undergo surgery on April 16.

The extent of Johnson's injury and length of time he will be out will not be known until following the microscopic surgery scheduled then.

"I'm still looking," Baba said, noting that Johnson

was one of the top Sequoit prospects to fill one of the two remaining starting slots. John Humphreys, a senior, has anchored down the number one spot in the rotation with Tim Kube, a junior, showing some promise to possibly fit into the top three.

In Antioch's win over Zion-Benton, Humphreys was the winning pitcher as he went the distance, six innings, striking out five, walking none and giving up one earned run while scattering five hits.

A six-run fifth inning was all the Sequoits needed as John Mahar had a RBI-single, Frank Mahar a two-run producing base hit, John Ruggles a run scoring sacrifice fly out, Joel Bissing, a RBI-base hit and Humphreys a walk which forced in the final run.

Sign up April 12 for kindergarten classes

Kindergarten registration/signup will be held at Grass Lake School on Thursday, April 12.

To be eligible to attend kindergarten during the 1984-85 school year, a child must be 5 years old on or before Dec. 1, 1984. Please bring a birth

certificate. A form will be issued to each parent for the child's physical examination and immunization record which must be completed before a child may enter school in the fall.

The signup on April 12 involves testing by the kin-

dergarten teacher, the learning disabilities instructor and the speech therapist. Because of the testing involved, it is necessary to have an appointment—call the school office (312) 395-1550. School fees will be collected during the annual fall registration in August.

When I think about it

Keep your pet rock, we've got pet peeves

by GLORIA DAVIS

Not everyone has, or wants a pet, whether it be animal, fowl or rock. But just about everyone has a pet peeve, that one special thing that just drives one up a wall.

Like everything else, being the greedy creature of extremes that I am, I have more than one pet peeve.

The long list includes things like young people who interject the words "like" and "you know," into every sentence.

Another is people who "gush." You know what I mean, those people whose insincerity just screams at you. For instance, the people that feel they must always say something complimentary whether or not it is merited.

Being complimented on an outfit the day you are wearing the worst hodge-podge your closet has to offer because you didn't get to the laundry, really makes me feel worse than I did to begin with.

I heard one of those types once compliment another on "the lovely linoleum," they had on the livingroom floor, obviously there for lack of the wherewithall to buy a rug.

Pet peeves are quite personal and it's sometimes surprising to find out what bugs some people more than anything else.

One person I asked, a non-smoker of course, said that they couldn't stand smoking at the dinner table at anytime. Even the sight of a clean ashtray on the table nauseated this harassed soul, causing prolific pictures of "yucky" ashtrays to dance before him.

Another named the sight of chewed gum as the thing that bothered them most. Seeing that blob of grey glop stuck to the side of a dish, or anyplace but in a garbage can, seemed to be that proverbial "stick of gum that is) that broke the camel's back."

Nob turners or button pushers are the pet peeve of another friend. He puts people at parties, who switch the stereo in the middle of a song, or family members who flick the tv tuner from channel to channel in the middle of a show, at the top of his peeve list.

One friend who is an office receptionist, confessed to being driven crazy by answering the phone to an open line that clicks shut in her ear.

"In most cases, the entire premise of unemployment compensation," said one woman.

"The jobs are out there, but they just want one paying more money and would rather live off of compensation than earn their own way, even if the salary is less than the unemployment pay. Just visit any mall and the store windows are full of help wanted signs," she said.

"I can't stand people who wage silent wars," said another pet peeve. She explained that she meant people who were obviously angry and instead of talking about it, just sulked in silence.

Thinking money rested in the inner recesses of one's wallet, only to find a family member had confiscated it as you stand red-faced in front of a demanding cashier topped another's list.

If any of these sources of irritation match your own, you now know that you're not alone in your frustration and now realize that you have lots of company in your misery.

Actually, nothing really, really bothers me that much. Excuse me while I empty my purse for the 10th time today so I can find my cigarette lighter, and if I don't find those darn car keys pretty soon, I'm going to kick my windshield in.

FIFTY YEARS AGO: April 12, 1934

The News carried a story about a robbery of a home during the owners funeral. Jewels worth \$3,000 were stolen.

A cooking demonstration called "Men Prefer Beef," was held at the Williams Bros. Dept. Store.

For the first time an immunization against diphtheria was implemented by the Antioch Grade School PTA.

Methodist Church site for luncheon

The third in a series of Ecumenical Lenten Soup and Salad Luncheons will be held at the United Methodist Church of Antioch at noon on Wednesday, April 11.

The Rev. Steve Williams will present a short Easter devotional following the luncheon.

Members and friends of all Lakeland area churches are urged to attend and bring a salad to pass and their own

tableware. The Antioch United Methodist women will be hostesses and furnish the soup.

Previous luncheons in this series have been held at Prince of Peace Church and Lake Villa United Methodist Church with about 60 people in attendance for each.

Inquiries may be made at the church office (312) 395-1259 or Lucille Eberman (312) 395-1427.

Antioch Jaycees plan Vegas night

The Antioch Jaycees and Jaycettes are sponsoring a Las Vegas Night on Saturday, April 14 at the Windjammer Restaurant on West Rte. 173. Doors open at 7 p.m. and the cost of a ticket with \$5,000 in play money is \$5.

Grand prize is a trip to Las Vegas. Two other prizes in the door prize raffle are a getaway weekend for two in Wisconsin donated by the State Bank of Antioch and a 10-speed bicycle.

Chairman Don Goodwin stated the list of prizes donated by businesses and organizations in Antioch is

approaching \$6,000 in value and probably will exceed that mark by April 14.

The proceeds from Las Vegas Night will help fund Jaycees community service projects including Fourth of July Celebration Little League Team, purchase of Rescuers, uniforms of the Rescue Squad, Camp New Hope, Santa Pione and many others.

Tickets are available at the State Bank First Bank, Great American Federal Savings, Chai Lakes Bail and Tacke and the Windjammer.

Bissing was three for four at the plate for the game.

In game one of the doubleheader at McHenry, Humphreys was three for four at the plate.

In the fifth innipp, when Antioch scored three runs, John Mahar knocked in a pair of runs with a base hit. Mahar scored himself when, after advancing to second base on the throw to the plate

during his hit, he came home on a overthrow by the Warrior pitcher.

The other Sequoit run came in the fourth inning when Frank Mahar tripled and scored on a sacrifice fly out to rightfield by Andy Lehn.

A lack of clutch hitting cost the Sequoits as they left six runners stranded on base including having two runners on in each of the first

two innings with no outs and not scoring anything.

In game two, the lone Sequoit run came in the second inning when John Mahar singled, stole second

base, stole third base and stole home.

Antioch's record is 2-3 overall and 1-0 in the NSC heading into this week's scheduled games.

County jail expansion

(Continued from Page 1)

overcrowding, "we've got to get going on it."

"How long can you look at something? You have to make a decision. We said we wouldn't make a decision (April 4) and we didn't. Some have suggested we hold public meetings and I'm not opposed to that, but the trend has been that nobody will show up."

"We're the elected representatives. We're supposed to make the decisions," said Geary, admitting "we'll always have people who don't like to act."

"We can be penny wise and dollar foolish, especially if the judge nails us for not acting fast enough," Geary added. "We're not ramming it down anybody's throat. This didn't come from one three-hour meeting. They were discussing this before I came back on the board."

The new expansion calls for jail cells to house 192 inmates, an additional three court rooms, three-tier parking facilities and remodeling of the present 10-story office tower.

The expansion should meet the county's needs to the year 2005.

The existing jail facility would then be remodeled for use as a community corrections center, providing facilities for the sheriff's department, work release and adult probation.

Plans call for 300 parking spaces in the new parking facility, an additional 150 by buying the Sears garage and parking area, plus the

80 spaces which currently exist under the building.

Cost of the three-story parking facility is estimated at \$1.8 million and purchasing the Sears property is estimated at \$1.2 million.

The total meets the 570 spaces the City of Waukegan has said are needed to meet the requirements of the staff and those who use the county building.

Remodeling of the county tower using a modular office approach will cost an estimated \$7-\$800,000, said Geary, but take care of the county's space needs for the next 20 years without building a new building. With a better use of existing space through remodeling, it is expected that a 33 percent increase in office area can be achieved.

A referendum would not be necessary to finance the proposed structure. The cost to the taxpayers will depend on how the bonds are sold to finance the construction, the period over which it is financed and paid back, and the assessed valuation of the county.

Geary said the old courthouse at one time reached a rate of 9 or 10 cents per \$100 assessed valuation, "but I don't think it will be that much because our assessed valuation is much higher now."

Geary said the old courthouse bonds will soon be paid off so there will be only a slight overlap in the financing of the two building programs.

Women to hear lecturer

The Antioch Woman's Club will hold a regular business meeting on Monday, April 16 at 1 p.m. at the State Bank of Antioch.

Betty Klontz, lecturer, writer, teacher, editor and dramatic book reviewer, will present a program that day. Klontz is a member of the National League of American Pen Women, past State Literature chairman of I.F.W.C. of Illinois, teacher

in Parliamentary Law and holds a master of arts and letters from Northwestern University.

At the Tenth District Meeting held in Skokie March 29, the Antioch Woman's Club received seven first place service awards. Accepting awards were Ethel McLellen for Education, Jane Pederson for Mental Health, Shirley Jensen for Arts Visual and

Performing, May Keefer for Indian and Veteran's Affairs and Florence Pederson for articles written for Woman's Club Newsletters and an award for Free Enterprise.

Second place winner was Ann St. Pierre for Safety. Third place was Edna Barr for Internal Affairs.

Honorable mention went to: Ruth Duha for Home Life and Phyllis Bucar for Legislation.

New party bosses

(Continued from Page 1)

organization which a few years down the line will rival the Republican Party," Ukena said.

Several new faces turned up among the six vice chairman voted into office in the totally uncontested election. Vice chairmen include Ray Biondi representing Deerfield, West Deerfield and the Lake Forest-Lake Bluff portion of Shields Township; Terry Nolan representing Waukegan—North Chicago and Zion; Joe Weishart of Gurnee, representing Warren and Libertyville townships; Karen Rydberg of Lindenhurst representing Lake Villa, Antioch and Newport townships; Robert Pinzur from Buffalo Grove, representing Vernon, Elia and Cuba townships; and Jim Rauls from Wauconda, representing Wauconda, Fremont and Avon Townships. Other officers include Bob Fertkamp of

Zion as treasurer, Virginia Kennedy of Park City as secretary, Maer Davis of Deerfield as parliamentarian and Jim Righeimer as sergeant-at-arms.

Although Republicans retained their top leader there will be several changes in Neal's second administration.

Gone is the policy of naming a vice chairman from the 10th congressional district and one from the 12th. "It creates an underlying feeling of east and west and I'm sick and tired of hearing that in Lake County," said Neal. "We're not going to play those games any more. This is Lake County."

A single county GOP treasurer will be replaced by a five member finance committee.

Neal said he will also be appointing a six member cabinet, loosely formed according to county board district boundaries.

Board to reconsider higher bid acceptance

The Antioch Village Board of Trustees will reconsider vote made at the last village meeting to grant a contract to the second-lowest bidder for sandblasting and painting the swimming pool in Antioch.

Reconsideration is set for the regularly scheduled Monday, April 16 meeting at the Village Hall.

The lowest bidder on the job was Tri-City Spray, Gurnee. Although the bid from Schneider's Trucking was \$15 more than Tri-City's,

Trustee Vern (Barney) Barnstable said in his motion that "Schneider is a hometown boy."

Mayor Raymond Toft pointed out to the board that the City of North Chicago has problems getting bidders because it has not taken the lowest bidder various times in the past.

"If I were that man (the Tri-City representative), I wouldn't bid another job in this town," Toft said.

Also mentioned during discussion after the motion

was the fact that Schneider's has done work for the village before. Trustee Robert Wilton also noted during discussion that Schneider's also has done work without charge for the village and that the company has allowed the village to use Schneider's trucks for no charge.

In committee, board members decided to put the bids on the agenda for the next regular meeting, Monday, April 16, to reconsider the bids.
